🎓 EDUCATION

ACCP Certificate Data Science

Aptech computing education
01/2022 – 07/2023 | Nigeria

BSC Accounting

Babcock University
2017 | Nigeria

📋 PROFESSIONAL SUMMARY

Senior Application Developer with 7+ years of experience designing, developing, and deploying secure, high-performance applications across web and cloud platforms. Proficient in React, Node.js, TypeScript, and SQL, with hands-on expertise in DevOps automation, API development, and data analytics. Known for improving application reliability, optimizing performance, and delivering scalable digital solutions in financial and enterprise environments through strong cross-functional collaboration and technical leadership.

📁 WORK HISTORY

Applications/Software Developer

Kenekchukwu Microfinance Bank

02/2023 – 09/2025 | Nsukka, Enugu State

- Designed and deployed secure financial applications using Java, Node.js, and SQL, improving platform reliability and reducing downtime by 30%.
- Developed and integrated RESTful and GraphQL APIs, improving data flow between systems and cutting retrieval time by 40%.
- Automated deployments and testing pipelines with Jenkins and GitHub Actions, reducing release errors by 35% and increasing deployment frequency to three times weekly.
- Deployed and managed microservices with Docker, Kubernetes, and AWS Lambda, maintaining 99.8% uptime and enabling seamless scalability during transaction peaks.
- Enhanced backend efficiency through query optimisation and caching strategies, improving response time by 45% and supporting over 100,000 active users.
- Worked with stakeholders to translate business requirements into reusable, modular components, reducing development time by 25%.

Web Developer

Kenekchukwu Microfinance Bank

04/2021 – 02/2023 | Nsukka, Enugu State

- Built 120+ reusable UI components and responsive React and Vue apps using TypeScript, Tailwind, and Storybook, collaborating with designers to boost Lighthouse scores from 58 to 95 for 1.6M users.
- Developed and maintained responsive web applications using React, Vue.js, TypeScript, and Tailwind CSS, improving accessibility and performance across multiple devices.
- Collaborated with the UI/UX team to enhance usability and consistency, resulting in an 18% increase in user engagement.

SKILLS

- JavaScript
- TypeScript
- React.js
- Node.js
- Python
- SQL
- VBA
- Excel
- Figma
- Adobe XD
- Tableau
- Microsoft Power BI
- Kubernetes
- Docker

CERTIFICATIONS

- Google Analytics Certification

PROJECTS

Expense Tracker

01/2022

- Optimised site performance through server-side rendering, code splitting, and CDN caching, improving load times by 1.6 seconds and increasing session duration by 22%.
- Implemented automated testing with Jest and Cypress, reducing post-release bugs by 40% and improving overall code stability.

Launched PWA features enabling offline access, increasing mobile retention by 12% and improving user experience across platforms.

UI/UX Designer

Avatrade Market Place

02/2017 – 04/2021 | Florida, United States

- Analysed large datasets using SQL to generate insights that informed business and financial decisions.
- Developed and maintained Power BI and Excel dashboards, providing real-time visibility into performance metrics and improving decision-making speed by 35%.
- Prepared financial and audit reports ensuring compliance with national tax regulations and reporting standards.
- Provided advisory support on financial planning and compliance, improving efficiency and accuracy in client reporting.

Data Analyst

Datalinks

01/2015 – 01/2017 | Lagos, Nigeria

- Extracted and analyzed 100k+ records using SQL, Python, and R, producing 50+ automated reports that accelerated decision-making and reduced manual processing across cross-functional teams.
- Built and maintained 15+ interactive dashboards in Tableau, Power BI, and Looker, tracking 100+ KPIs for multiple departments, improving operational efficiency and accessibility for 500+ daily users.
- Modeled and transformed large datasets using Excel, Python, and R, uncovering trends across 30+ campaigns that informed strategic initiatives and enhanced customer retention.
- Collaborated with stakeholders to define data requirements, executed A/B tests, and performed statistical analysis, supporting marketing campaign and product optimizations while ensuring high data accuracy.
